SUMMARY

Motivated and dedicated Frontend Web Developer with a strong command of HTML, CSS, JavaScript, ReactJS, SQL Server, Material UI, and Bootstrap. Committed to delivering high-quality web development projects while staying up-to-date with the latest industry trends. Seeking a challenging role as a Frontend Web Developer in a dynamic organization to leverage my skills and contribute to the company's success.

EDUCATION

Bachelor of Science in Information Technology
University of Mumbai, Jun 2022
CGPA: 7.80/10

WORK EXPERIENCE

Customer Success (Trainee) - Application Support

63Moons Technology LTD, July 2022 - April 2023

- Provided technical and functional support for Backoffice applications, ensuring smooth operations and user satisfaction.
- Collaborated with development teams to address and resolve complex issues, showcasing strong problem-solving skills.
- Conducted thorough log analysis and utilized SQL queries for data analysis, enhancing application performance.
- Demonstrated effective communication by coordinating with cross-functional teams and attending open points meetings.
- Ensured successful deployment of releases on UAT and Production servers, following established protocols.
- Managed issue tickets in Zendesk, ensuring timely resolution and maintaining high customer satisfaction.

TECHNICAL SKILLS

- Proficient in HTML, CSS, JavaScript, ReactJS, SQL Server, Material UI, and Bootstrap.
- Strong problem-solving and troubleshooting abilities.
- Attention to detail and ability to create user-friendly interfaces.
- Excellent collaboration and communication skills.

CERTIFICATIONS

- Tally ERP 9 (Saraswati Computers Academy, Oct 2019)
- Advanced Office Automation (Saraswati Computers Academy, 2016-2018)

PROJECT:

- Developed a YouTube Clone using React, Material-UI, and RapidAPI's 'Youtube Search and Download' API.
- Created a weather forecast application using React and RapidAPI's, providing accurate and up-to-date weather information.
- Built a Crypto App using React to display live prices and charts of various cryptocurrencies, empowering users to make informed investment decisions.
- Designed a responsive React website using Chakra UI, offering an enhanced user experience.
- Developed The Hydra, a React application utilizing Material-UI for seamless UI interactions and intuitive user interface.
- Created a Shopping Cart application using Chakra-UI, providing a smooth and intuitive shopping experience.
- Developed Easy-Park, an automated car parking system that optimizes parking space and makes processes efficient. It provides real-time car parking information such as vehicle & slot counts, available slots display, reserved parking, pay-and-park options, easy payments, reports, and a host of other features.
